COMPLETE SUGAR-FREE SOLUTIONS

Comprehensive 360° solutions for health conscious choices

Grow your business!

The actual trend is one in which consumers choose foods with improved nutritional balance over others and are in search for no sugars added, lighter and/or calorie reduced products. Choose to stay ahead by offering your potential clients the smarter alternative to conventional sweets: sugar free products.

We developed a full range of delicious sweets by using healthy alternatives to sugar in order to create evolved products that fit in a modern diet, fighting against an excessive consumption of sugar.

Know your partner!

Founded in 2005, Sly Nutrition is a leading pioneer in sugar free manufacturing in Romania. The full ISO certifications (9001; 14001; 22000 – HACCP) are an incontestable quality guarantor that our national key accounts partners value (Auchan, Metro, Billa, Delhaize Carrefour, Cora, etc.). Sly Nutrition is the one stop shop for sugar free solutions offering you a wide range of products suited for all of your customer's needs.

Live better!

The know-how and experience of our chocolatiers are the key to selecting and blending the finest ingredients to deliver sweets with improved nutritional balance and added functional value. Smart nutrition means delivering the same great taste with the benefits of no sugars added while providing an exceptional value for money.

All the recipes contain only safe and natural alternatives to sugar:

- Stevia extract
- Erythritol
- Maltitol
- Fibers

Lighter. Better. Smarter.

Reducing sugar consumption is a health conscious choice that most consumers have on their mind. That is why we created a range of delightful sweets for health conscious people who want or have to avoid sugar, stay in shape, but still want to enjoy the same great taste.

Reducing sugar means reducing caloric intake, reducing cavity problems and the risk of multiple metabolic diseases.
